- Logo on sponsor board
- Logo in DLKY program
- Table recognition
- Group photo
- Social media acknowledgement to over 25k followers!

\$1,750

After a harrowing two years battling a rare autoimmune disease that destroyed her kidneys and led to countless hospital stays, surgeries, and complications, 10-year-old Breleigh received a lifesaving kidney transplant from her dad, Earl. Six months later, both are thriving- Breleigh is back to school, cheer, and archery, and Earl is back to work.

Thank You!

Thank you for considering this request to spend a memorable and fun filled day with us at the track! As a 501c3 nonprofit organization, your event sponsorship provides hope to Kentucky families impacted by the Donate Life Kentucky Program.
